

## The Bully B.R.A.V.E.™ Program

B.R.A.V.E.™ was developed to teach students preventative bully resistance skills. Our goal is to educate kids, parents and teachers about the realities of bullying, the stereotypes and roles, and how to effectively diffuse situations before they escalate, not only on the schoolyard, but at home too.

### Students Will Be Able To

*"We sincerely appreciated your talent, time and presentations for the entire school community about Bullying. As you know we are a small school with a varied and diverse population. Your presentation gave all our students choices and the message was clear."*

P Peroni, Principal at St. Mary School  
B.R.A.V.E.™ School Since 2003

*"...the program fit so well to the work our students are doing on bullying and assertiveness in their classrooms. The students really enjoyed the presentations and the role-playing."*

Jill Harrison, Vice-Principal at Arnott Charleton P.S.  
B.R.A.V.E.™ School since 2004

*"...As a teacher and a parent, I was very glad to see that social bullying was included in the program. This type of bullying is often more subtle but is unfortunately too common in a school setting. It's often difficult for children to distinguish this type of bullying from other social conflicts, especially when peers or friends are involved. Overall, this was a great program! Thank you!"*

Katie Farrell, Hilldale Public School Grade 3 teacher

**Our goal is to  
Empower Confidence**

## The B.R.A.V.E.™ Approach

### The B.R.A.V.E.™ Curriculum Primary to Middle School Curriculum

#### Level 1: Foundations

Students learn how to identify bullying behaviour and how to diffuse bullying situations by using our 3 fundamental steps: walk away, talk away, and block away.

#### Level Two: The Bystander

Students learn how to safely diffuse a bullying situation when they are in the bystander role.

#### Level Three: Social Bullying

Students learn to identify when they are being manipulated into social bullying, and how to safely aid the target.

#### Level Four: Cyber Bullying

Students learn to navigate cyber bullying situations, documenting and sharing the incidents with their trusted adults.

### Get B.R.A.V.E.™ For Your School

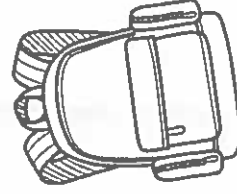

#### Digital Course B.R.A.V.E.™ ONLINE

Get access to our curriculum through our digital course. Easy to use, teachers facilitate our program through interactive videos, standardized lesson plans, and quizzes and discussion questions divided by grade level.
