**Fragrance/Scent Safe School**

Just a friendly reminder that our school is a scent free environment. We kindly ask for your support in speaking with your children about the impact of exposure to fragrances and scented products. These can trigger severe health reactions in individuals with asthma, allergies, migraines, or chemical sensitivities.

To protect all members of our community, we ask for your cooperation in maintaining a fragrance/scent-safe environment. Staff, students and visitors are strongly encouraged to avoid or **reduce** the use of fragrances and scented products. Thank you for your understanding and support in helping us create a safe and healthy environment for everyone.

**Building Strategies for Mental Wellness**

Last Wednesday, we came together as a school in cross-divisional groupings to discuss the importance of mental health. Students

explored strategies to add to their personal toolboxes, practical ways to support themselves during times of stress, anxiety, or other strong emotions. A heartfelt thank you goes out to Mrs. McArthur, Ms. Anthony, Mrs. Ewing and the students from our Healthy Schools Committee for organizing this meaningful activity.
